ARRL Thanks Official Observers, as Volunteer Monitor Program is Set to Debut

09/24/2019

As the September 30 date for the closing of the Official Observer program nears, ARRL has expressed deep appreciation to the hundreds of volunteers who gave their time as Official Observers (OOs) to help preserve the integrity of the Amateur Radio frequencies.

The Official Observer program has served the Amateur Radio community and assisted the FCC Enforcement Bureau for more than 85 years. The OO program is giving way to the new Volunteer Monitor (VM) program, established as part of a formal partnership between ARRL and the FCC.

ARRL and the FCC signed a *Memorandum of*

Understanding (MOU) earlier this year that establishes the Volunteer

Monitor program as a successor to the Official Observers. The first Volunteer Monitors should be in place and ready to begin their duties this fall.

“Thank you for your dedication and service,” ARRL Regulatory Information Manager Dan Henderson, N1ND, said. “It was the good work of the OOs over many years that laid the foundation for the FCC to recommend this new agreement for enforcement.” The FCC proposed the program following the closures of several FCC regional offices and a reduction in field staff.

Last February, Riley Hollingsworth, K4ZDH, who once handled Amateur Radio enforcement for the FCC, was named to oversee the development and implementation phases of the Volunteer Monitor program.

Under the new VM program, volunteers trained and vetted by ARRL will monitor the airwaves and gather evidence that could be used to correct misconduct as well as to recognize exemplary on-air operation. ARRL will refer instances of flagrant violation to the FCC for action, in accordance with FCC guidelines, and the FCC will give priority to enforcement cases

developed by the VM program.

Official Observers were invited to apply to become Volunteer Monitors, and many did. The requirements for being a Volunteer Monitor include:

- + Ability to utilize state-of-the-art receiving equipment and to access no-cost remote receive sites; strong writing and communication skills
- + An understanding of the importance of thorough documentation
- + Basic word processing and data entry skills
- + The ability to send such information, including recordings, to ARRL electronically.

Applicants also must be ARRL members, have no history of FCC enforcement action, hold a Technician or higher license class, and been licensed for at least 3 years.

Applicants underwent a training and certification program administered by ARRL and were vetted by ARRL through at least one oral interview and a preliminary evaluation by ARRL staff. Volunteer Monitors will serve 3-year terms at the pleasure of ARRL.

REMINDER!!!! Illinois AND Missouri!

"Each day, law enforcement officers, firefighters, emergency response personnel, and highway workers encounter situations which place their lives in jeopardy while protecting the citizens of Illinois. This legislation helps to ensure that they can perform those duties out of harm's way."

Penalties for violating Scott's Law include:

a fine of not more than \$10,000 suspension of driving privileges for a period of up to a year but not less than 90 days for damaging another person's property suspension of driving privileges for a period of not less than 180 days but no more than two years for injuring another person a two-year suspension of driving privileges for causing the death of another person.

The ISP encourages motorists to follow these precautions when approaching an emergency vehicle with its lights activated:

Slow down and proceed with caution. Yield the right-of-way by changing into a lane not immediately adjacent to the emergency vehicle. Be prepared to pull over to the right-hand side of the roadway and stop if directed to do so. Be watchful of the movement of emergency personnel and equipment. ISP advised the legislation applies to all vehicles displaying flashing lights, including highway maintenance vehicles.

Egyptian Radio Club's Annual Christmas Party

Thursday, December 5th, 2019 at
Uncle Linny's Restaurant
4112 East Pontoon Road
Pontoon Beach, IL 62040

Start arriving between 6:00pm and 6:30pm.
Be sure to bring an unwrapped toy for the Toys for
Tots Toy Drive, in memory of Mike Phillips NORSP - SK.

There will be a short business meeting & election of your
2020 Club board members, then back to the food and fun!

FIRST ANNUAL MIKE PHILLIPS NORSP MEMORIAL TOYS FOR TOTS TOY DRIVE

The Egyptian Radio Club is asking for donations of new unwrapped toys.
Toys collected will be donated to the Marines Toys for Tots campaign in
memory of our dear friend Mike Phillips.

Toys collected will be distributed locally to children, who might not have a gift
otherwise.

An Announcement From The Antenna Builders Guild

We are going to refocus the Antenna Builder's Guild to being builder's and designers and operators like we used to be. Each meeting will have a theme in a series of basic antenna building. Beginning with calculating and cutting dipoles and loops, then learning about and winding the various baluns, understanding and building ladder line and comparing it to coax, designing and building yagi's, and understanding coupling colinear elements.

We'll still plan trips to Pere Marquette and other places of radio interest. Feel free to suggest and location. Also, we've have helped raise QTH antennas in the past and will continue to do so as needed.

Next gathering is at Pleasant Ridge Park on 31 August.

The 2 meter Antenna Building Contest is 14 Sept.

2019-2020 building dates.

2 Nov, Egyptian Radio Clubroom, 2606 Washington Street, Granite City

7 Dec, Egyptian Radio Clubroom

4 Jan, Egyptian Radio Clubroom

15 Feb, Egyptian Radio Clubroom

Nevada ARES/RACES Members Deploy for “Storm Area 51” Event

09/19/2019

A social media joke early this summer setting up a “Storm Area 51, they Can’t Stop Us All” group now has spiraled into emergency declarations in two Nevada counties and spurred an Amateur Radio Emergency Service (ARES®)/Radio Amateur Civil Emergency Service (RACES) deployment of personnel and equipment. Some predictions say the “Storm Area 51” event will draw thousands — many possibly ill-equipped to be out in the desert environment — to the Nevada Test and Training Range, which contains the US Air Force facility known as Area 51. ARES teams plan to staff and support six incident-specific locations along the 50-mile event corridor known as Extraterrestrial Highway, starting on September 19 and continuing until September 24. ARES/RACES personnel in Nevada began gearing up for Storm Area 51 on Monday, and Storm Area 51 visitors already have begun showing up.

Secrecy surrounding Area 51 has long fascinated and inspired conspiracy theorists, who believe alien life forms recovered by the US military following UFO sightings in the 1950s are still being kept there. The events this week prompted stern warnings from the military to stay away from the site, and the FAA is reported to have closed the airspace above the area.

In June, 20-year-old Facebook user Matty Roberts called for crowds of people to rush Area 51 in the Nevada desert, to “see them aliens” that some believe are being held as prisoners there. Within days, more than 2 million indicated they were taking up Roberts’ rallying cry, and another 1.5 million expressed interest in doing so. At that point, Roberts declared that his initial post was just a joke. Multiple Facebook sites have opened since, promoting a huge music festival dubbed “Alienstock” in Rachel, a town of about 50 residents, and an Area 51 Basecamp in Hiko. Other UFO-inspired events are popping up along desolate Nevada Highway 375, Extraterrestrial Highway, effectively creating a venue more than 50 miles long, as no other roads exist into or out of Rachel. Reports say that hundreds of law enforcement officers and medical personnel will be posted, along with the Nevada National Guard.

Preliminary estimates of attendance have run as high as 100,000, and as low as 15,000. With virtually no local infrastructure and faced with the possibility of being overrun by visitors, officials in Lincoln and Nye counties declared states of emergency. When the events were first announced in late August, Lincoln County Sheriff Kerry Lee, assisted by the Nevada Department of Emergency Management/Homeland Security (NDEM), found little time to prepare. Surrounding counties and agencies are pitching in with equipment and 350 personnel.

Lincoln County, where Rachel sits, has just 5,000 inhabitants, and virtually all of the land is owned by the federal government. The county has just 20 law enforcement officers.

Emergency medical and fire protection services are nonexistent in Rachel. Volunteers staff a single ambulance, a fire truck, and a rescue vehicle. The nearest small hospital is 85 miles away, and the closest major hospital or trauma care is 150 miles away in Las Vegas. Telecommunication and other services are sparse to nonexistent along the highway, and Rachel has just one business — a small bar/café/motel combination. Its proprietor told the Associated Press, “It’s happening. We already have people from all over the world.”

Given the spotty telecommunications, Amateur Radio could play an essential role in the event. Lincoln County's 30 radio amateurs are either unable to deploy due to age or they're already deployed in some other emergency response role, so Lincoln County ARES Emergency Coordinator Charles Reifsnyder, AD7OY, has recruited ARES personnel from throughout the state to support operations. Back-up resources outside the area will remain on alert. — *Thanks to John Bigley, N7UR*

Meeting Minutes for Thursday September 5th, 2019

Present: Jason Cato KB9LBC, Chuck Hoxsey KD9JKP, Bill Dusenbery N9OQK, John Fuesting KD9DXD, Bill Schmidt WA0JCO, Jack Leverich KC9KY, Bob Young W9MO, John Sundstrom WA0LIS, Larry Unfried WA9KJV, Tom McConnell KF9TOM, Nolan Zobrist KA9VKC, Terry Bell N9BEL, Jim Williamson KD9FQC, Brian Matejka Jr., Randy Bastian KC9MZ, Brian Matejka Sr., Lisa Hoxsey, Jennifer Cato, Marty Schultz N9PPJ, and David Miller KF9EV.

Treasury report given By John Fuesting. Current balance \$9,534.48. No questions or comments given. Report accepted.

Repeater report given by Marty Schultz. 79 was checked and found to be within specifications, but suspect that cell phone equipment on the tower is interfering with our radiating pattern. Need to contact AT&T to find out what has changed. 76 seems to have a bit of a desense problem. Thinking about replacing it with 79's back up repeater. Bill Schmidt suggested atmospherics were to blame.

90th Celebration – getting Key to club room from Marty, to give to Chuck, so he can get in on Saturday the 7th for the 90th Celebration. Food will be provided for those who come in to operate the radios.

Toys for tots – Larry Unfried is covering the toys for tots with Beltline Chiropractic.

Christmas Party - Jason Cato is handling. Has a reminder in his phone to call Uncle Linny's on October 1st to set it up this year.

Club Testing – Only one candidate today, passed his tech class. 13 years old. Next testing session will be November 7th.

Minutes Submitted by Jason Cato.

Announcements

Tower Setup For Sale

70 feet of Rohn 45g.
Accessories included are;
flat top,
concrete plate,
2 thrust bearings,
2 rotor plates,
and a Tail Twister II rotor.
The whole setup is priced to
move at \$900.00.
It is located in Baldwin, IL.

Also Available separately are the
following antennas;

M2 18XXX,

M2 5 Element 6M Beam,

ChrisCraft Rotatable Dipole
(Will need rebuilding),

and a 22 element 432 beam.

Please contact, Mark
Theobald, W9KUF at 618-
214-2522 for further
information.

For those of you that have
any announcements,
please feel free to email me
at kb9lbc@gmail.com so I
can include them in the
newsletter.

General Club Information

The club holds a monthly meeting on the first Thursday of the month and is open to all. Visitors are always welcome at the meetings. The next meeting is October 3rd, at 6:30pm at the Holy Family Community Center at 2600 Washington Ave in Granite City, IL. Members tend to arrive early to socialize, and the actual meeting starts at 6:30pm. After the meeting, there is usually a social gathering at a local restaurant. "The meeting after the meeting."

The club has a informal net every Tuesday at 8:00pm on 146.76. The PL and time-out timer are turned off for the net. You do **NOT** need to be a member to participate or use the repeater, as it is open to **ALL** licensed Amateurs. Be sure to "stop in" and say hi!

Anyone interested in joining the Egyptian Radio Club will find an application at the end of this newsletter.
